MICRONEEDLING

Performed by a certified therapist, Dermapen 4 Microneedling is a minimally invasive skin renewal treatment. This process stimulates your body's natural repair process by creating tiny puncture channels that boost collagen production. The needle depth and speed are customised to suit your skin needs.

This treatment can improve many skin concerns, including fine lines, wrinkles, acne scars, pigmentation, enlarged pores, melasma, sun damage, and rosacea.

The ÜBER Pro Peel enhances the microneedling treatment or can be booked as a separate facial. Packed with powerful ingredients like Lactic Acid, Mandelic Acid, Hyaluronic Acid, and Retinaldehyde, the ÜBER Pro Peel promotes cellular turnover and enhances the microneedling experience.

DERMAPLANE

This minimally invasive cosmetic procedure is done by a qualified somatologist, where the top layer of your skin (epidermis) and facial hair is removed. Dermaplaning exfoliates your skin, removes dead skin cells, and may reduce fine lines and wrinkles. Other benefits include an even skin tone, smoother skin, and clearer pores for fewer breakouts.

DEEP CLEANSE FUNDAMENTAL FACIAL - R650 | 45 MINS

This classic facial is suited to all skin types, thoroughly cleansing and purifying while also targeting stubborn impurities. A cleanser and toner are followed by either a Biological Skin Peel or an Organic Face Scrub, depending on your skin's needs, for the best personalised results. Enjoy fresh, hydrated skin, and a radiant complexion.

HYDRATING FUNDAMENTAL FACIAL - R880 | 60 MINS

Maintain a healthy, hydrated complexion, and feel beautiful in your skin. This facial replenishes dry skin with a combination of natural skin reactivating ingredients for a more youthful appearance. Applications of Desquacrem and moisturising Ampoules further hydrate and replenish the skin. Benefit from Hyaluronic Acid and Boletus Extract and the soothing application of a Hydra 4Ha cream, mask, and serum.

SOOTHING FUNDAMENTAL FACIAL - R850 | 60 MINS

Ideal for sensitive skin but suited to all skin types, this soothing facial reduces dryness and redness while neutralising skin discomfort. An application of Crystalline Modelling Cream protects skin from microbes and antioxidants. A Biological Peel or Organic Scrub is applied, and depending on your skin concerns, the facial concludes with either a Hydrating 4Ha Cream or a Clarté and Confort Protective Cream.

ANTI-AGING FUNDAMENTAL YOUTH FACIAL - R880 | 60 MINS

Designed to combat signs of aging, this facial results in skin that feels and looks plumper and more firm. Following a cleanser, toner, and either a scrub or peel, Desquacrem removes environmental pollutants and impurities. An Illuminating Mask is also applied for a boost of radiance, as well as Crystalline Modelling Cream and Ampoules for firmness. Active ingredients in Sothys Youth Serum and Youth Cream include BP3 and Saffron-Sephora-Peptides.

HYDRA 4HA INTENSIVE TREATMENT - R1,260 | 90 MINS

The absolute hydration solution with 6 stages to quench, hydrate, and plump the skin, renewing its youthfulness and meeting all hydration needs. Active ingredients of 1055 Boletus Extract, Organic Rowan Peptides and Micro Hyaluronic Acid penetrate the skin deeply, for moisture memory reactivation and improved barrier function. This facial treatment includes applications of an Ultra-Hydrating Gel Balm, Gentle Scrub Paste, Hydrating Concentrated Ampoule and SOS Mask Nutri-Replenishing Elixir, for wonderfully hydrated and soft skin.

FLAWLESS COMPLEXION ILLUMINATING TREATMENT - R1,320 | 90 MINS

As a treatment specialist, Sothys has specifically developed this radiance beauty routine. For a flawless complexion, this 6-step treatment provides a triple solution: targeting dark spots, boosting hydration and creating an even complexion.
